SUPPLEMENTARY INFORMATION:

Background

The FAA published a final rule in the *Federal Register* for Docket No. FAA-2021-0169 (86 FR 50245, September 8, 2021), amending Class D and Class E airspace for eight airports in the south Florida area. The FAA then delayed the effective date for that final rule until May 19, 2022 (87 FR 4154). Due to delays in other rule making projects in the area, the FAA is delaying the effective date to September 8, 2022. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Good Cause for No Notice and Comment

Section 553(b) (3) (B) of Title 5, United States Code, (the Administrative Procedure Act) authorizes agencies to dispense with notice and comment procedures for rules when the agency for “good cause” finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under this section, an agency, upon finding good

cause, may issue a final rule without seeking comment prior to the rulemaking. The FAA finds that prior notice and public comment to this final rule is unnecessary due to the brief length of the extension of the effective date and the fact that there is no substantive change to the rule.

Delay of Effective Date

Accordingly, pursuant to the authority delegated to me, the effective date of the final rule, Airspace Docket 21-ASO-3, as published in the *Federal Register* on September 8, 2021 (86 FR 50245) and delayed to May 19, 2022, on January 27, 2022 (87 FR 4154; FR Doc. 2021-19268), is hereby delayed until September 8, 2022.

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389

Issued in College Park, Georgia, on **February 24, 2022**.
